# How to Give Your Dog Medicine in 3 Easy, Stress-Free Steps

Published February 1, 2026

One part of dog ownership that isn't always a walk in the park? Giving your dog oral medications. While the experience can be stressful for you and your dog, it doesn't have to be!

There are so many tips and tricks out there on how to give your dog medicine. You try hiding the pill in a spoonful of peanut butter or wrapping it in a piece of chicken, only for your furry detective to sniff it out, eat the treat, and spit the pill onto the floor. It’s a frustrating cycle for you and can be an unpleasant experience for your dog.

Thankfully, we now have a hassle-free solution to give medicine to your furry best friend that won't send them running for the hills every time they spot you getting their medication out.

## How to Make Pill-Time a Breeze in 3 easy steps!

GREENIES™ PILL POCKETS™ treats for dogs are a tasty, healthy alternative to disguising medicine in human food. They have built-in pouches and a malleable texture that surrounds the medicine to easily hide a pill inside. They come in two delicious flavours – Peanut Butter

& Smokey Ham - so your dog will think they are getting a special treat, when in fact it's hiding their medication to help keep them at their best!

**Using PILL POCKETS™ treats is as easy as one, two, three.  Simply follow these steps and watch as the pill disappear!**

1. **FILL:** Hold a PILL POCKETS™ treat with your thumb and forefinger and place your dog’s tablet or capsule inside the built-in pouch.

2. **PINCH:** Squeeze the top half of the treat to seal the pill inside. The malleable texture makes it easy to completely hide the medicine.

3. **GIVE:** Feed the sealed treat to your dog. They’ll be so focused on the delicious flavour, they won’t even notice the medicine hidden inside!

These treats are made with select natural ingredients and turkey as the #1 ingredient, making them a healthy alternative to human food. Now, you and your dog can both look forward to medicine time.

**Shop now at your local Pet Stock or online at Pet Circle and select independent stores.**
